August 4, 2010

Dear Administrator:

Enclosed, you will find a sheet for discount opportunities for social studies field trips and outreach programming through the Quayle Vice Presidential Learning Center. We have excellent educational programs for 2<sup>nd</sup>-8<sup>th</sup> grades. Many of your educators already take advantage of our great programs, and there may be some who might be able to use these discounts to discover what we offer. Remember - if your students are not able to visit us here at the museum, we can bring these programs to you through outreach programming.

We hope these coupons might make it a little easier during these tight budget years! The sheet also contains the link to our downloadable educational field trip/outreach program guide online. ([www.historyeducates.org](http://www.historyeducates.org)) The guide contains descriptions of all our programs, as well as the state academic standards each one meets.

**If you would, please forward these to those educators whom you think might be able to best utilize it (most likely the team leaders for grades 3, 4, 5 or 8).**

Thank you in advance and have a great school year!

Sincerely,

Daniel Johns  
Executive Director

Where History Educates!
