ARE YOU READY FOR 5TH GRADE ISTEP?

“Let’s Make It A Law” - Field Trip/Outreach Program

Field Trip At Center - \$3.00/student Or Choose An Outreach Program At Your School - \$4.00/student plus mileage.

Your Students Will Learn

- The three branches of government and their roles
- The path of a bill through Congress
- The houses of Congress
- The role of committees and chairs
- The role of the Speaker of the House
- The role of the President and Vice President
- The role of the public in the process

This hands-on program allows your class to become “Congress.” Students will be elected to either the “House” or the “Senate” and then role-play the process by which an idea becomes a law. Once finished, we’ll see if the public approves of what their members of Congress have done!
